Features Index 1978

BUILDINGS, HIGH RISE
High Rise Buildings Require Special Control And Alarm Systems
May/June, p. 23
Office Tower Designed With Utilities On Top And Bottom
November/December, p. 22
Unique Electrical Service Provides Power For Office-Hotel Complex
March/April, p. 16

COGENERATION
Bronx VA Hospital Has Complex, Reliable Power Supply
January/February, p. 16

COMMUNICATIONS
Convention Center Features Independent Power Supplies
November/December, p. 27

COMPUTERS
Energy Conservation—A Design Goal
September/October, p. 17

CONTINUITY OF SERVICE
Mine Power System Upgraded For Greater Safety
July/August, p. 32

CONTROL AND SWITCHING
Automation System Provides Numerous Ways To Save Energy Costs
November/December, p. 34
Chicago's 2 La Salle Building Designed With Proportional Heat Control
September/October, p. 30
Low Energy Control Wiring Saves Labor Costs
July/August, p. 20

ENERGY MANAGEMENT AND CONSERVATION
Automation System Provides Numerous Ways To Save Energy Costs
November/December, p. 34
Chicago's 2 La Salle Building Designed With Proportional Heat Control
September/October, p. 30
College Building Designed For Energy Conservation
September/October, p. 39
Energy Conservation—A Design Goal
September/October, p. 17
Energy Conservation Designed Into Detroit Medical Complex
November/December, p. 18
Large Electrical Consumers Need Energy Management Programs
July/August, p. 36
Modern Office Building Is Energy Efficient
September/October, p. 12

FIRE ALARM AND LIFE/SAFETY SYSTEMS
High Density Of Equipment Controls Fire Safety System In Buffalo Hospital
May/June, p. 39
Unique Electrical Service Provides Power For Office-Hotel Complex
March/April, p. 16

LIGHTING
Battery Pack Units Provide Emergency Lighting For Art Museum
March/April, p. 20
College Building Designed For Energy Conservation
September/October, p. 39
Energy Conservation—A Design Goal
September/October, p. 17
Low Pressure Sodium—An Idea?
January/February, p. 44
Unique Electrical Service Provides Power For Office-Hotel Complex
March/April, p. 16

MEDICAL FACILITIES
Bronx VA Hospital Has Complex, Reliable Power Supply
January/February, p. 16
Energy Conservation Designed Into Detroit Medical Complex
November/December, p. 18
High Density Of Equipment Controls Fire Safety System In Buffalo Hospital
May/June, p. 39
Low Energy Control Wiring Saves Labor Costs
July/August, p. 20

SAFETY
Convention Center Features Independent Power Supplies
November/December, p. 27
Mine Power System Upgraded For Greater Safety
July/August, p. 32

SECURITY SYSTEMS
Audio-Visual Systems Provide Security For Correctional Comple
May/June, p. 10
Modern Office Building Is Energy Efficient
September/October, p. 12
Sound-Monitoring System Listens T Burglaries
May/June, p. 17

STANDBY AND EMERGENCY POWER
Editorial: EGSMA—An Important Association
July/August, p. 6
Emergency Generating Equipment Provides Reliable Back-Up For A port Systems
January/February, p. 26
Office Tower Designed With Utilities On Top And Bottom
November/December, p. 22
Pumping Station And Reservoir Aim At Environmental Acceptability
July/August, p. 26
Sanitary District Opts For Turbine Generator Standby Power Units
March/April, p. 24

UNINTERRUPTIBLE POWER SYSTEMS
Get The Best From Your UPS Battery
January/February, p. 34
Understanding And Specifying Unint ruptible Power Systems
March/April, p. 30

WATER FACILITIES
Pumping Station And Reservoir Aim At Environmental Acceptability
July/August, p. 26
Sanitary District Opts For Turbine Generator Standby Power Units
March/April, p. 24
